***At ReidSan we have years of experience!  
ReidSan has been training dogs in the El  
Paso area since 1983.***

Over the years we have expanded our services to include small group classes, boarding, boarding with training, grooming, handling show dogs, and breeding Bouviers. We are proud of the many awards that we received. You have seen us, and our dogs on local and national TV, magazines, websites, and billboard campaigns. "Miss El Paso", a rescue Chihuahua, was part of the "El Paso Up!" visitelpaso.com tourism campaign. One of my favorites was when we did the "Meaner Breed" campaign for UTEP football along with "Duke the Deal sniffing Dog" with Casa Ford. "Dylen", our Bouvier, enjoyed being the Diablo baseball team mascot (he has his own baseball card). Several of our dogs served as therapy dogs visiting medical institutions, schools and other facilities to bring joy. We are proud to have on staff one of the founders of "Paws for Love" pet therapy group and as a certified pet therapy evaluator for Pet Partners Therapy. Our trainers are certified to test you & your dog for the **AKC CGC** (Canine Good Citizen). We aid in Service Dog training. We are involved with our local El Paso community. And, though we can brag that we have clients all over the world, to include several know entertainers, NBA and NFL players, our hearts always come back to our local clients.

**So, why choose ReidSan?**

**...Because we love what we do, and we're  
good at it!**
